

Creating Safe Spaces— WaffleMania Breakfast

With the help of sponsors and partners, the Society for Safe and Caring Schools and Communities has been a champion in building safe spaces. By supporting Albertans in their school and community-wide bullying and violence-prevention efforts, we are working to make every school, city, town and community a safe place and helping students take an active role in building their future.

Please help us support Alberta youth by purchasing a ticket to attend our fundraising event:
